Summary

Dear customer,

We wanted to inform you that the AirLink™ FXT003 (Fastrack for HSPA networks) enters now an End Of Life phase due to critical components discontinuations.

The timing of the end of life of this product is:

Last time buy (LTB) date is December 16, 2011.

You have till this date to place irrevocable and non cancellable last time buy orders.

Last time delivery date (LTD) is March 30, 2012.

A new Fastrack Xtend based on AirPrime Q2698 embedded module is planned on our roadmap for H2 2012.

Customer impact

We inform the Open AT® firmware 7.46 / Embedded Application Framework 2.36 is the last software maintenance planned on FXT003.

More information

Should you require more information's, please contact your usual Sierra wireless representative.

Nicolas Munarriz, Airlink Low Tier Line Product Manager
