Connectivity You Can Count On

For more than 25 years, Sierra Wireless has kept people securely connected. You can count on us in these challenging times to help you keep public safety workers securely connected, no matter where they are.

Keeping First Responders Securely Connected

Sierra Wireless' industry-leading routers can quickly provide and maintain secure connectivity that helps keep first responders stay safe and informed.

Our Performance Series of routers are purpose-built for mission-critical applications in vehicles or exposed outdoor locations - perfect for Public Safety implementations. They provide the ultimate combination of secure, cellular LTE and Wi-Fi performance in a rugged form-factor.

The following Performance Series routers are FirstNet Ready™ with Band 14 support:

AirLink® Router Solution

AirLink® MG90 - High Performance Multi-Network Vehicle Router

With extensible multi-network connectivity, the MG90 offers dual LTE-Advanced Pro, Dual Concurrent Gigabit Wi-Fi and Gigabit Ethernet, with extensions to Land Mobile Radio (LMR) and satellite systems.

AirLink® MP70 - LTE Router with Integrated Vehicle Telemetry

Offering high power, long range Gigabit Wi-Fi and Gigabit Ethernet, the AirLink MP70 enables multiple field applications to work simultaneously, further and faster from the vehicle than ever before.

AirLink® RV55 – The Industry's Most Compact and Rugged LTE Router

Simple to install, and easy to manage, the RV55 cellular router is designed to provide secure, vehicle area networking (VAN) for the mobile workforce and public safety fleets.

We're here to help

We want to help you ensure your AirLink devices are operating at peak performance. The MP70 and RV55 routers come with **AirLink Complete** – the Sierra Wireless service that provides 24/7/365 technical support, an extended warranty and access to the AirLink Management Service to remotely monitor and manage devices.

For the MG90, we offer **AirLink Support**. Combining responsive customer support with cloud-based network management tools, extended hardware support and on-going enterprise network support, AirLink Support is our most comprehensive support offering delivered by Sierra Wireless's experts.
