ABOUT US

Over the past 25 years, Sierra Wireless has built a track record of developing innovative products and solutions for its customers. Having shipped more than 160 million devices worldwide, we offer the most comprehensive portfolio of wireless embedded modules and gateways, seamlessly integrated with our secure cloud and connectivity services. Our devices are operating on more than 600 networks globally.

INVESTMENT HIGHLIGHTS

Sierra Wireless is an IoT pioneer, empowering businesses and industries to transform and thrive in the connected economy. Our global customers rely on our solutions to get their connected products and services to market faster and at lower total cost.

Sierra Wireless enjoys significant competitive advantages, including:

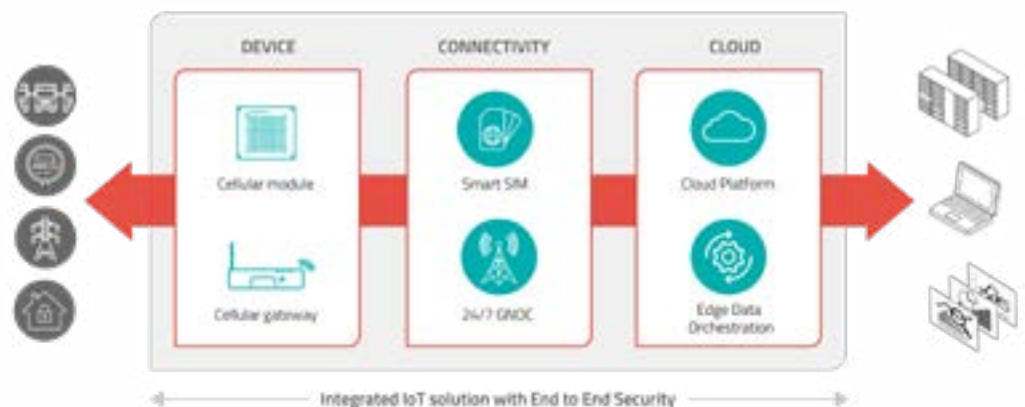

- The industry's most comprehensive device-to-cloud portfolio
- A proven track record in technology innovation
- Global sales and R&D teams on six continents
- Strong balance sheet
- Blue chip customer base of leading OEMs, enterprises and operators around the world

GROWTH STRATEGY

The Internet of Things is expected to grow rapidly. Sierra Wireless is well positioned to lead and capture this long term growth opportunity. Our growth strategy is driven by three key objectives:

- Build on our global leadership position in cellular devices, including embedded modules, gateways and routers
- Provide simple, scalable, secure end-to-end solutions, combining intelligent embedded and networking solutions with secure cloud and connectivity services that enable our customers to accelerate solution development and deployment
- Drive growth, scale, and profitability improvements through strategic acquisitions

FULLY INTEGRATED SOLUTION FOR IOT APPLICATIONS
